

Dear Bill,

Please pass on our greetings and our thanks to the assembly in Barrhead for the kind gift which was paid to Brass Tacks at the beginning of the month. We apologise for the delay in acknowledging this, due to a glitch in the online banking system which was being "updated and improved"!

June has been a busy month, as we prepared for handover on 1st July. Packing up the office in Glasgow involved clearing out, scanning and shredding documents etc. The new office will be based just outside Edinburgh; all the office equipment and tools have now been moved over. Colin Haxton, the new Director, was in my Sunday school class when we were both younger! So it is encouraging to see God at work, calling people to specific roles in ministry. Meanwhile, we have been working from home for this past month.

I recently spent 5 weeks in Zambia, where I was first at Sakeji school, supervising renovations prior to the Centenary celebration, then on to Dipalata mission where foundations were laid for new staff housing. Phil Kennedy and Paul Dodds are now there for a month to continue work on this project.

Projects are planned in Amsterdam at the Wycliffe training centre and in Zambia for an aircraft hangar later this summer. Please do pray for the handover period, that all will go smoothly, and for God's guidance for us as we seek His will for our next chapter.

With warmest Christian greetings

Alan Park
